HELLO and WELCOME!

When I became the Owner & CEO of Baskits 5 years ago, I realized a lifelong dream of owning and operating my own business. Since then, I have applied every part of my background to build the company: my business degrees from Queen's and Harvard, my years on Bay Street in investment banking and private equity, and the many wonderful relationships I have shared, particularly as a daughter, sister and mother. Today, I am enormously proud of the company and team we have built. Baskits makes gifting easy and impactful with a dedication to sourcing top quality products and to providing the absolute highest level of service. Our deep commitment to exceeding the expectations of our customers drives everything we do. I am so excited to see what the next five years and beyond hold for Baskits. Thank you all for your incredible support!
